Here is the data they provided me. Please check to see whether they had any exceedances of either permit. We will need to get copies of the associated bench data to ensure the #'s are correct. We can get that information during the inspection and bring it back to the office with us.

Subject: RE: NPDES Inspection

Aaron,

Attached please find the DMR information you requested. The three files with 'SMR' in the titles are for the discharges to the City of Cheyenne Board of Public Utilities. The 'eDMR 2.0 Submission Summary' files are the emails we receive from WDEQ when the electronic DMR submittals are made, and the remaining file is of the actual submitted data, since the electronic system does not have a print feature at this time.

Let me know if you need anything else, and we'll see you next Thursday.

Sincerely,

Stu Fischbeck, P.E.
